

‘Bias Test’ Pricing October 2020

Single Employer Annual Licensed Test Pricing from only £1.50 a test

Licensed testing is the most cost-effective way of administering wider or more regular bias testing. It is ideal for organisations wishing to do larger scale testing or to offer open bias test access to staff. Priced at just £1.50p per test Annual Licensing is based on a minimum purchase of 5000 tests, pre -paid. Licensed test credits are valid for 12 months. Credits unused at year (end 12 months) are lost.

Additional tests are charged at the lowest per test price the table below (£3 per test) and have no expiry date.

Pricing is based on an agreed number of tests, and all test takers must be employed by the customer’s organisation, with an organisational email address. Minimum purchase 5000 tests (£7,500).

Mutiple Employer Annual Licensed Test Pricing from only £2.50 a test

Our ambition is to make bias testing accessible across the organisation and to all organisations.

Consultants can buy an annual licence for use across clients based on a minimum purchase of 5000 tests, pre -paid at £2.50p per test. Licensed test credits are valid for 12 months. Credits unused at year (end 12 months) are lost.

Additional tests are charged at the lowest per test price the table below (£3 per test) and have no expiry date.

Buyers are free to resell the tests to clients, but we reserve the right to withdraw the facility if tests are resold above the £5 per test rate.

Multiple employer test packages come with up to 20 inclusive test links (group links) and additional links are charged at £10 per link.

Per Test Pricing

Per Test pricing is most suitable when you are buying fewer tests, are less sure about how many tests you may need or when you may use them. Test credits have no expiry date. Minimum order 50 credits. All pre-paid.

Number of Test Credits	Price Per Test Credit
50*-499	£5.00
500-2499	£4.50
2500-4999	£4.00
5000-9999	£3.50
10000+	£3.00
Minimum order 50 tests* = £250	

Bespoke Tests Pricing

Bespoke tests can be developed to reflect your organisational issues, questions or performance frameworks without charge with a commitment to buy just 500 tests at the Per-Test price..

Other Pricing

Set-Up Costs:

Bias Test works by setting up bespoke test links loaded with your chosen tests, for your chosen test population. Per Test pricing attracts a set-up fee of £10 per link. For example, if you want to test all new staff with Ethnicity and Gender tests, that link would cost £10 to set up.

Analysis & Report Writing

Data from tests can be directly downloaded by the customer in MS Excel format. The system deletes all personal data on download. We offer an analysis and report writing service. Costs vary depending upon the size of the testing and the complexity of the analysis and report writing required.

Other FAQs

Freedom of Information Act:

Test results belong to the test taker and cannot be disclosed to the employer or other body without their consent or due legal process. Personal test data is deleted between 90 days and 120 days after testing and cannot be retrieved. Individual test takers can ask that their test results be deleted at any time and this request will be executed unless there is a legal order prohibiting deletion.

GDPR:

We are registered with the Information Commissioner to process data and our servers are in Germany. A general and comprehensive DP agreement appears on our web site.

Data Security:

The platform has been penetration tested by Sec -1, part of the Claranet Cyber Security group.
